To: prof. Martin Smrčka, President of Czech Neurosurgical Society

Dear prof. Martin Smrčka,

On behalf of the employees of Uzhhorod Regional Clinical Centre of Neurosurgery and Neurology (Ukraine) I would like to express our endless gratitude to you, Vice-President prof. Martin Sameš, General Secretary doc. Radim Lipina and all the members of the Czech Neurosurgical Society who donated to support our institution. The support you have provided to our hospital has been incredibly timely during these frustrating days in the history of our country. Many medical supplies received thanks to your help aren't available in the country at this very moment and be sure that they will save lives of both civilians and defenders of Ukraine. In fact, Ukraine as a country would not be able to stand for its democratic and independent future without international help such as yours.

Only united as we are now will we be able to prevail. I sincerely hope that one day we will meet and will be able to thank you in person. Please feel free to address me if you need any assistance I can provide.

Yours faithfully,

Director of Uzhhorod Regional Clinical
Centre of Neurosurgery and Neurology

Andriy Smolanka
